REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF EMIRATES REFRESHMENTS (P.S.C.)

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of Emirates Refreshments (P.S.C.) (the "Company") and its subsidiaries (together referred to as the "Group") as at 31 March 2021 and the related condensed consolidated statements of profit or loss, comprehensive income, changes in equity and cash flows for the three-month period then ended and certain explanatory notes. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34 Interim *Financial Reporting* (IAS 34). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information of the Group is not prepared, in all material respects, in accordance with IAS 34.

Other Matter

The consolidated financial statements as at 31 December 2020 were audited by another auditor, whose report dated 4 March 2021 expressed an unmodified opinion thereon. The prior period comparative interim financial information for the three- month period ended 31 March 2020, was reviewed by another auditor who issued an unmodified conclusion dated 17 June 2020.

1 General information

Emirates Refreshments (P.S.C.) ("the Company") is a Public Shareholding Company, incorporated in Dubai, United Arab Emirates under a decree issued by His Highness the Ruler of Dubai. The Company is listed on the Dubai Financial Market. The Federal Decree-Law No. 26 of 2020 on the amendment of certain provisions of UAE Federal Law No. 2 of 2015 on Commercial Companies was issued on 27 September 2020 and became effective on 2 January 2021. It requires companies to adjust their status in accordance with the provisions by 2 January 2022. The Group is in the process to assess the impact wherever applicable to ensure compliance with the changes in the law.

The principal activities of the Company are bottling and selling mineral water as well as manufacturing plastic bottles and containers. The Company has two plants located in Dibba and Hatta, UAE. The Company markets, distributes and sells its products across the UAE, other Middle East countries and Africa.

The registered address of the Company is P.O. Box 5567, Dubai, UAE.

The Company has two wholly owned subsidiaries; Jeema Refreshments LLC and Emirates Refreshments LLC in the UAE. These subsidiaries are engaged in the trading of mineral water, juice, soft drinks and carbonated drinks.

2 Application of new and revised International Financial Reporting Standards ("IFRSs)

2.1 New and revised IFRSs applied with no material effect on the condensed consolidated financial information

The following new and revised IFRSs and amendments that were effective for annual periods beginning on or after 1 January 2021. The application of these revised IFRSs has not had an impact on the condensed consolidated financial information for the period ended 31 March 2021, but may affect the accounting for future transactions or arrangements

Interest Rate Benchmark Reform - Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16)

The amendments in Interest Rate Benchmark Reform- Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16) introduce a practical expedient for modifications required by the reform, clarify that hedge accounting is not discontinued solely because of the IBOR reform, and introduce disclosures that allow users to understand the nature and extent of risks arising from the IBOR reform to which the entity is exposed to and how the entity manages those risks as well as the entity's progress in transitioning from IBORs to alternative benchmark rates, and how the entity is managing this transition.

These amendments had no impact on the condensed consolidated financial information of the Group.

- 2 Application of new and revised International Financial Reporting Standards ("IFRSs) (continued)
- 2.2 New and revised IFRS in issue but not yet effective

The Group has not early adopted the following new and revised IFRSs that have been issued but are not yet effective:

New and revised IFRSs

Amendments to IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The amendments to IFRS 10 and IAS 28 deal with situations where there is a sale or contribution of assets between an investor and its associate or joint venture. Specifically, the amendments state that gains or losses resulting from the loss of control of a subsidiary that does not contain a business in a transaction with an associate or a joint venture that is accounted for using the equity method, are recognised in the parent's profit or loss only to the extent of the unrelated investors' interests in that associate or joint venture. Similarly, gains and losses resulting from the remeasurement of investments retained in any former subsidiary (that has become an associate or a joint venture that is accounted for using the equity method) to fair value are recognised in the former parent's profit or loss only to the extent of the unrelated investors' interests in the new associate or joint venture. The effective date of the amendments has yet to be set by the Board; however, earlier application of the amendments is permitted.

Amendments to IAS 1 Presentation of Financial Statements: Classification of Liabilities as Current or Non-current

The amendments aim to promote consistency in applying the requirements by helping companies determine whether, in the statement of financial position, debt and other liabilities with an uncertain settlement date should be classified as current (due or potentially due to be settled within one year) or non-current. Effective for annual periods beginning on or after

New and revised IFRSs

Amendments to IFRS 3 Business Combinations: Reference to the Conceptual Framework

1 January 2022

The amendments update IFRS 3 so that it refers to the 2018 Conceptual Framework instead of the 1989 Framework. They also add to IFRS 3 a requirement that, for obligations within the scope of IAS 37, an acquirer applies IAS 37 to determine whether at the acquisition date a present obligation exists as a result of past events. For a levy that would be within the scope of IFRIC 21 Levies, the acquirer applies IFRIC 21 to determine whether the obligating event that gives rise to a liability to pay the levy has occurred by the acquisition date. Finally, the amendments add an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination.

The amendments are effective for business combinations for which the date of acquisition is on or after the beginning of the first annual period beginning on or after 1 January 2022.

Amendments to IAS 16 *Property, Plant and Equipment* related to proceeds before intended use

1 January 2022

The amendments prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the cost of producing those items, in profit or loss.

Amendments to IAS 37 Provisions, Contingent Liabilities and Contingent Assets related to Onerous Contracts—Cost of Fulfilling a Contract

1 January 2022

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

- 2 Application of new and revised International Financial Reporting Standards (IFRS) (continued)
- 2.2 New and revised IFRS in issue but not yet effective (continued)

New and revised IFRSs

Annual Improvements to IFRS Standards 2018-2020 cycle amending IFRS 1, IFRS 9, IFRS 16 and IAS 41 $\,$

Definition of Accounting Estimates - Amendments to IAS 8.

The amendments replace the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The amendments clarify that a change in accounting estimate that results from new information or new developments is not the correction of an error

Effective for annual periods beginning on or after

The amendments to IFRS 1, IFRS 9 and IAS 41 are effective from 1 January 2022 and the effective date for amendments to IFRS 16 Leases are not yet decided.

1 January 2023

The above stated new standards and amendments are not expected to have any significant impact on the condensed consolidated financial information of the Group.

There are no other applicable new standards and amendments to published standards or IFRIC interpretations that have been issued that would be expected to have a material impact on the condensed consolidated financial information of the Group.

Management anticipates that these new standards, interpretations and amendments will be adopted in the Group's consolidated financial statements as and when they are applicable and adoption of these new standards and amendments may have no material impact on the condensed consolidated financial information of the Group in the period of initial application.

3 Summary of significant accounting policies

3.1 Statement of compliance

The condensed consolidated financial information is prepared in accordance with International Accounting Standard (IAS) 34, "Interim Financial Reporting" and also comply with the applicable requirements of the laws in the U.A.E. They do not include all the information required for full annual financial statements, and should be read in conjunction with the consolidated financial statements of the Group as at and for the year ended 31 December 2020. In addition, results for three-month period ended 31 March 2021 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2021.

3.2 Basis of preparation

The condensed consolidated financial information is presented in UAE Dirhams (AED), which is the functional currency of the Group.

This condensed consolidated financial information has been prepared on the historical cost basis, except for financial asset carried at fair value through other comprehensive income (FVOCI) and investment property that carried at fair value.

3.3 Significant accounting policies

The accounting policies used in the preparation of this condensed consolidated financial information is consistent with those used in the preparation of the audited annual consolidated financial statements for the year ended 31 December 2020, except for the adoption of the new and revised standards and interpretations effective 1 January 2021that are mentioned in Note 2.1.

3.4 Going concern

The Group incurred loss of AED 3.21 million for the period ended 31 March 2021 (31 March 2020: AED 0.68 million) and has accumulated losses amounting to AED 14.6 million which represent 48.61% of share capital (31 December 2020: %37.86). During the period, the Group had disclosed a detailed analysis of the accumulated losses, their amount and percentage of the capital, the main reasons that led to these accumulated losses, their date and the actions that will be taken to address them. The group has planned the mitigating actions to reduce costs.

The management assessed that the Group has sufficient liquidity for the foreseeable future and accordingly has adopted the going concern basis in preparing the condensed consolidated financial information which assumes that Group will be able to meet its liabilities due for a period of not less than twelve months from the date of this condensed consolidated financial information.

4 Use of judgements and estimates

The preparation of condensed consolidated financial information requires management to make judgement, estimates and assumptions that effect the application of the accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The significant judgments made by management in applying the Group's accounting policies and the key sources of estimates uncertainty were the same as those that applied to the Group's annual financial statements as at and for the year ended 31 December 2020 except as mentioned in Note 3 and reassessment of significant judgments, estimates and assumptions as discussed in note 20 which are primarily arising due to the outbreak of a novel strain of the coronavirus ("COVID 19).

19 Financial risk management

Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk.

There have been no changes in the risk management policies of the Company since year end.

Liquidity risk

Compared to the consolidated financial statements for the year ended 31 December 2020, there were no material changes in the contractual undiscounted cash outflows of the financial liabilities.

Fair value estimation

Fair value of financial instruments

Financial instruments comprise financial assets and financial liabilities.

Financial assets of the Group include investment securities, trade and other receivables, cash and bank balances and amount due from a related party. Financial liabilities of the Group include trade and other payables and bank overdraft.

The fair values of financial instruments are not materially different from their carrying values.

19 Financial risk management (continued)

Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not base on observable market data.

	Level 1 AED	Level 2 AED	Level 3 AED	Total AED
31 March 2021 Financial assets at fair value through other comprehensive income (FVTOCI) (unaudited)	805,756		-	805,756
31 December 2020 Financial assets at fair value through other comprehensive income (FVTOCI) (audited)	722,511	-	-	722,511

Fair value measurement of non-financial assets

Fair value of investment properties as disclosed in Note 6 has been determined internally by the management based on DCF method; fair value is estimated based on significant unobservable inputs. These inputs include: future rental cash inflows based on the actual location, type and quality of the properties and supported by the terms of any existing lease; discount rates reflecting current market assessments of the uncertainty in the amount and timing of cash flows, and terminal value taking into account assumptions regarding maintenance costs, and market rents. For disclosure purposes, these investment properties are being considered as Level 3.

20 Impact of Covid 19 pandemic

In response to the spread of the Covid 19 where the Group operates and its resulting disruptions to the social and economic activities in those markets, the Group management has proactively assessed its impacts on its operations and has taken a series of preventive measures, to ensure the health and safety of its employees, customers, consumers and wider community as well as to ensure the continuity of supply of its products throughout its markets.

Based on Group assessment, the overall revenue declined by 43% compared with to the period ended 31 March 2020 due to the impact of COVID 19 on hospitality and tourism industry.

The Group's estimates of the expected credit losses allowance had considered the impact of this outbreak on the macroeconomic forecasts.

The Group continues to monitor and respond to all liquidity and funding requirements through its plan reflecting the current economic scenarios.

The impact of COVID 19 continues to evolve, hence there are uncertainties and likely significant risks that may impact the business in future. The effects of COVID 19 may not be fully reflected in the Group's financial results until future periods. The Group will continue to closely monitor the impact of COVID 19 as the situation progresses to manage the potential impact COVID 19 outbreak may have on its operations; forecasts on expected credit loss estimates; impairment of due from related parties, inventories, investment property and property, plant and equipment in 2021 or beyond.
